

FIG. 1

Activity Name		- 21a
Activity Owner		- 21b
Revision Label		- 21c
Inputs		- 21d
Feedback information		- 21e
Q&A		- 21f
Proof Points		- 21g
Deliverables		- 21h
Dependency Lists		- 21i
Criteria for success of this activity		- 21j
Pointers to reference materials		- 21k
Activity Success Confidence Factor		- 21l
Sign off		- 21m
Alerts		- 21n

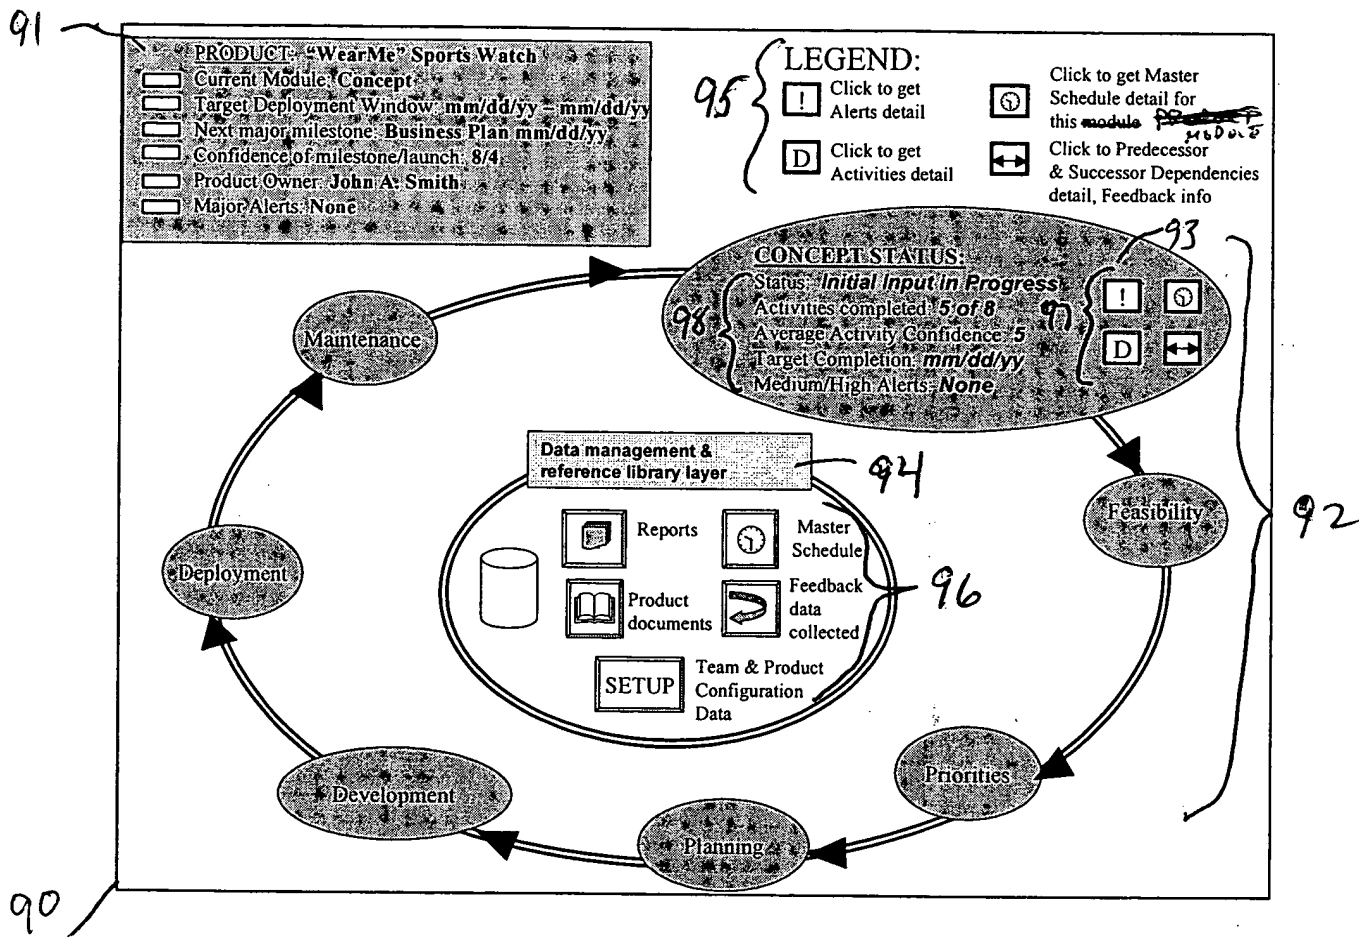

FIG 9.

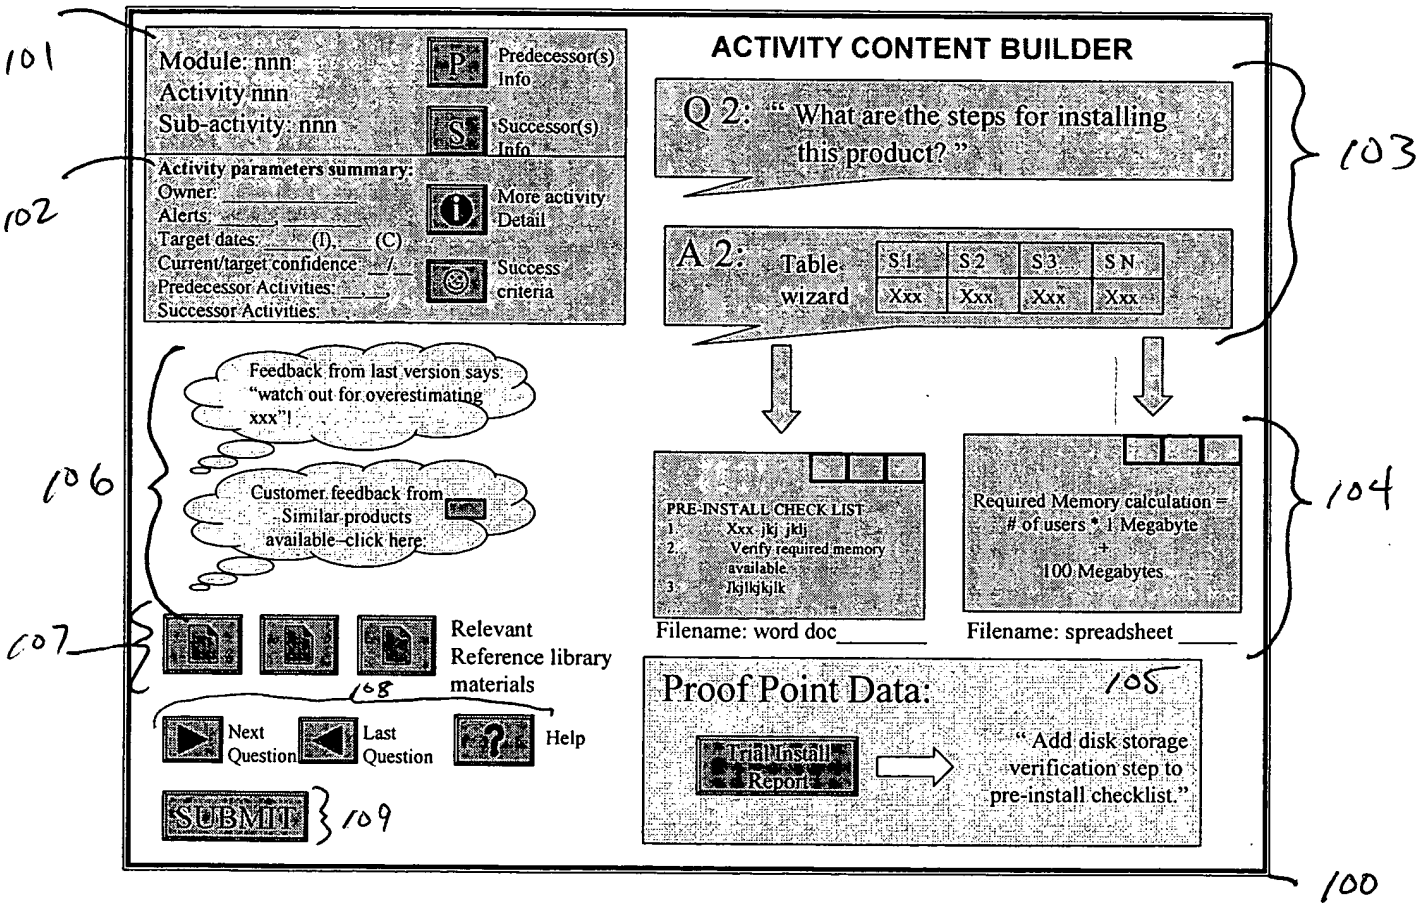

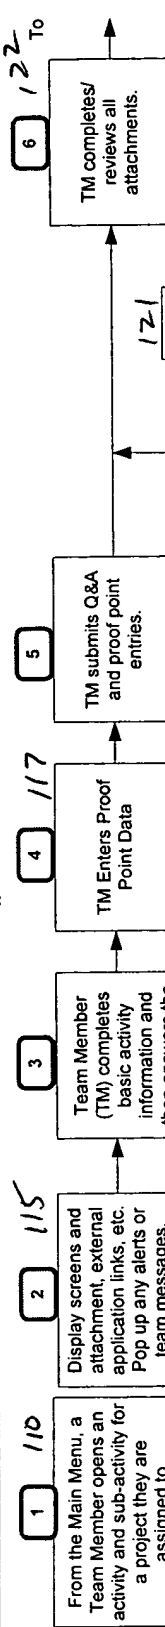

FIG. 10

1000
Product Layer

1001

User Interface Layer

122 To FIG 11A

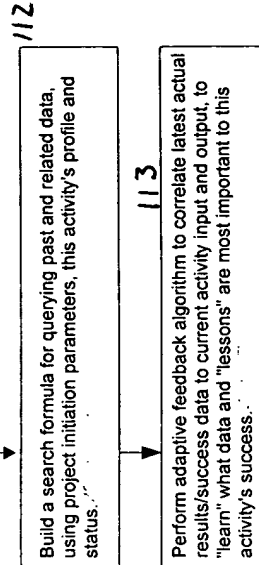

1002

Methodology Layer

111
Retrieve template info for this sub-activity, including Wizard Q&A, Success Criteria, and any attachments and pointers that linkage layer will use to find data.

Note: The Methodology Layer is isolated so that it can be easily adapted to proprietary or regulatory project management and product lifecycle processes.

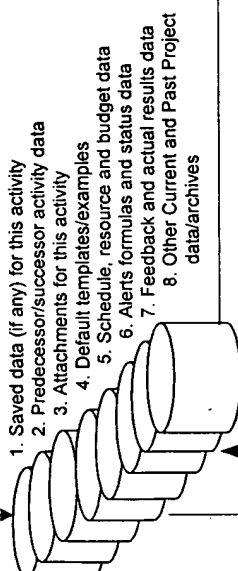

1003
Linkage and Adaptive Feedback Layer

Return already-entered data for this activity, plus predecessor, successor, & related project data/alerts.

1004

Data Management and External Interface Layer

114a

1005
External products & data

114b
Retrieve external data if linked
